A balanced combination of probiotics and prebiotics to support gut health

This daily probiotic supplement contains 100 million CFUs of *Bacillus coagulans* and 200 mg of fructooligosaccharides (FOS) fiber. These synbiotics support the digestive tract and immune health.

ABOUT PROBIOTICS:

Probiotics are beneficial microorganisms that help maintain the critical balance in the digestive system. Probiotics support the growth of desirable/beneficial microorganisms. Balance within the digestive system is essential to maintain a healthy GI tract, improve digestion, and enhance overall health. Microflora also reside in other areas where mucous membranes are exposed to the environment, such as the skin, respiratory tract, and genital-urinary tract.

BENEFITS OF PROBIOTIC TREATMENT FOR DOGS & CATS:

- ▶ Supports digestion, intestinal well being, and dental health
- ▶ Discourages unwanted strains of bacteria from growing to a population large enough to cause health challenges
- ▶ Supports a healthy immune system
- ▶ Supports the production of B vitamins and enzymes
- ▶ Supports regularity

ABOUT FOS (FRUCTOOLIGOSACCHARIDES):

FOS are soluble fibers and prebiotics that support the growth of beneficial microbes in the intestinal tract. They have been shown to inhibit the growth of unwanted bacterial species. Because FOS is not digested by the body, it will increase the amount of material in the intestinal tract and stimulate the elimination process to support regularity.

Guaranteed Analysis per Chew (1.5 g):

Levels represent minimums unless otherwise stated:

Moisture (max)	11%
*FOS (Fructooligosaccharides)	200 mg
* <i>Bacillus coagulans</i>	120,000,000 CFU/chew

Calorie count (calculated): 6 kcal ME/chew

Ingredients: fructooligosaccharides, oat flour, brewers dried yeast, rye flour, glycerin, soy lecithin, natural duck flavor, arabic gum, canola oil, water, maltodextrin, sodium alginate, calcium sulfate, citrus pectin, dried *Bacillus coagulans* fermentation product, sorbic acid (a preservative), propionic acid (a preservative), mixed tocopherols (a preservative), citric acid (a preservative), rosemary extract, silicon dioxide, vegetable oil, aloe vera gel concentrate.

BC30™ and *Bacillus coagulans* GBI-30, 6086® are trademarks of Kerry Group.

FEEDING DIRECTIONS:

Give 1 chew per 25 lbs body weight, daily.

Available in 8oz and 14oz jars.
Suitable for all weight ranges.
